We are saved to serve! We serve Him by serving others. The idea of serving God through serving others should be something you WANT to do, because He did so much for YOU! It is vital to the growth of every congregation that each member take his or her responsibility very seriously, and that goes for everyone, young or old! After all, the Church, and that is you and me, is the precious Bride of Christ, and we need to prepare for His coming! Until that time, there is much work to be done!
